## **Wausau adds two architectural sales representatives in the Eastern region: Luke McCullough and Terryl Cronin**

Wausau, Wisconsin (April 2015) -- Wausau Window and Wall Systems has hired Luke McCullough and Terryl Cronin as architectural sales representatives in the Eastern states, reporting directly to Wausau's regional sales manager, Ryan Noble. They will provide commercial building owners, design professionals and construction teams with educational and technical resources including product selection for high-performance window and curtainwall systems.

Located in Atlanta, McCullough will serve customers in North Carolina, South Carolina, and north Georgia. Most recently, he worked as an inside regional sales manager for Trulite Glass & Aluminum Solutions. Trulite acquired AGC Glass Company, where he previously was an architectural sales representative. He met Noble at AGC and worked as part of his Southeast regional team. McCullough holds a bachelor's degree in finance from the University of Scranton, Pennsylvania. Outside of the workday, he volunteers as a mentor with Big Brothers Big Sisters.

Based in the D.C., Cronin's territory includes D.C., Delaware, Maryland and Virginia. She draws from a decade of experience as an architectural sales representative. Her previous employers include Kawneer Company, Inc., where she served customers in D.C. and Boston, and YKK, where she managed the Northeast region. She earned a bachelor's degree in psychology from the University of Massachusetts-Amherst and is a LEED® Accredited Professional through the U.S. Green Building Council.
